Average value of private dwellings<sup>1</sup> owned  
by a member of the household in 2011  
by 2011 census tract (CT)

Map 1 of 2

1. The 'value of dwelling' refers to the value of the entire dwelling, including the value of the land it is on and of any structure, such as a garage, which is on the property. The values were estimated by the respondents and reflect the dollar amount expected by the owner if the dwelling were to be sold.
